Industry Experience

Senior Counsel

Millennium Pharmaceuticals, Inc. (now Takeda Pharmaceutical Company Limited)

Deputy General Counsel

Brookstone, Inc.

Product Counsel

Apple Inc.

Jon skillfully handles complex transactions and agreements in the life sciences and technology industries. He guides life sciences clients through research and development, as well as manufacturing. He also helps his clients negotiate effective product licensing transactions with other commercial entities and academic research institutions. Jon's considerable experience also includes trans-border deals, where he has negotiated and successfully completed product licenses involving European, Asian and U.S.-based drug companies, including related supply agreements.

He also advises technology clients on complex software license and related support agreements, as well as IT platform license and support agreements for drug development, healthcare services, database services and other applications.
